## BARKSDALE HAMLETT

EDUCATOR CANDIDATE FOR SUPERINTENDENT OF PUBLIC INSTRUCTION.

Democratic Party Will Demand as Its Candidate a Man Who is a Practical and Experienced Educator.

The first law of a democracy is the equalization of opportunity, which means the equitable distribution of intelligence through an adequate provision of educational equipment.

There can appear no virtue in the cry of a "Square Deal" so long as there exists a monopoly of intelligence, in a state where society is composed of individuals equally endowed by nature, yet to the great masses of whom all the light of human achievement and the social heritage of truth are denied.

Through a permanently organized campaign for educational improvement, readjusted ideals must be converted into practical realities. Thus will the latent energies of society be set free and opportunity will indeed knock at the door of every home in Kentucky.

### His Platform.

I stand specifically for: A school free and accessible to every child in every rural district in Kentucky.

BARKSDALE HAMLETT.

The improvement, sanitation and equipment of our rural schools, in accordance with the best modern standards.

Minimum seven months terms in every district.

A rational and effective compulsory attendance.

Practical course of study; agricultural and the domestic and mechanical arts and sciences.

Good roads and consolidation where practical.

Teachers of scholarship, character and personality.

County high schools, accessibly located in every county.

Improved facilities for the county superintendent's office.

Liberal enlargement and maintenance of our normal schools and state university as component parts of our public school system.

Readjustment of our system of finance to effect larger results on a more economic basis.

Personal leadership in the field on the part of the state superintendent.

Success Comes Only at End of Effort.

The subject of this sketch is a man of strong individuality, keen mentality, and a broad humanitarian spirit, whose interest in his fellow men is sincere, while his work is always actuated by a desire to advance the cause of education.

He worked in the tobacco patch for the means with which to educate himself, and succeeded to the extent that he was graduated from the Hamden-Sidney College of Virginia, with the Orator's medal of his class, at the age of nineteen.

(From E. Polk Johnson's History of Kentucky, in publication.)

Endorsed by Educators and Press.

An ex-president of the Kentucky Educational association, one of its five original incorporators, and up to the present time a member of its board of directors.

An ex-president of the Fourth Congressional District association; an ex-state board examiner.

Began his career as teacher in Lynnland Academy, Hardin county, taught in the rural district and normal schools, Larnco county; principal of the graded schools of Corydon, and principal of the Henderson high school, from which he came to the

superintendency of the Hopkinsville public schools.

### The Man For the Place.

Editor T. C. Underwood, president of the Kentucky Press association, in the Hopkinsville News Era:

"The Democratic party could look long and hard without finding a worthier or more competent candidate for the important office of state superintendent of schools. Mr. Hamlett is a man who has always 'made good,' and his career has been a lesson of energy, perseverance and honor. The state has no more enthusiastic and effective an advocate of education, nor the Democratic party a more loyal supporter."

### A Builder of Schools.

In another issue he has this to say:

"When Prof. Hamlett came to Hopkinsville, from Henderson, six years ago, as superintendent of the public schools, there were but two buildings. With the completion this year of the high school buildings, there will be six, at a cost of \$200,000, and the faculty of twenty-three teachers has been increased to forty-six. \* \* \* He is an orator of ability and in demand as an after-dinner speaker \* \* \* He is a popular member of the Elks, W. O. W. and other fraternal organizations. Prof. Hamlett is also superintendent of the First Baptist church Sunday-school, one of the largest in the state."

### A Leader in Progressive Movement.

Prof. Hamlett, though only thirty-two years of age, has had thirteen years of successful experience as a teacher, rising by rapid promotions from teacher of a small county school at \$30 a month to the splendid position he now holds at the head of the Hopkinsville school system, with more than 2,500 pupils and 40 teachers under his superintendency. Under his direction the schools have been improved from year to year, until they are more than ever the pride of one of the most progressive cities of the state.

A clean, young and progressive teacher, who has all the elements of success in his make-up he is a man in every way capable of making an officer of whom the whole state would justly be proud.

A leader in every progressive movement, Barksdale Hamlett will help to redeem Kentucky in 1911, and will be the next superintendent of public instruction.

Public Instruction.—(Mayor Chas. M. McCham in the Hopkinsville Kentuckian.)

### Master of School Problems.

From study and experience, he is master of the school problems of Kentucky and is particularly interested in the improvement of the common schools. The News knows no Democrat so thoroughly equipped at all points to make an ideal state superintendent, to advance the school interests proper of Kentucky, as Prof. Hamlett, and we would like to see him given the nomination without opposition.—(Elizabethtown News.)

### Friend to the Rural Schools.

Prof. Hamlett is a strong, intelligent friend to the cause of education and believes in a square deal from the smallest district to the most intelligent city in the country. He is certainly a friend to the common schools, believes in seven months' terms, good roads and improved facilities for our schools in every respect.—(Mayfield Messenger.)

### Strong Acquisition to the State Ticket.

Prof. Hamlett is in the foremost rank of Kentucky's educators and is in every way thoroughly qualified for the honor he seeks. We predict a successful candidacy for him and believe he will be a strong acquisition to the next state ticket.—(Madisonville Journal.)

### Solid Backing of Home People.

Hamlett stands at the very top among the educators of our state. His friends predict with all candor that he will go into the fight with the solid backing not only of his home-county, but the entire second congressional district.—(Daily Leader, Fulton.)

### An Ideal Superintendent.

Barksdale Hamlett, of Hopkinsville, is the most advanced, intelligent and capable man in the state for superintendent of public instruction. He knows the needs of the state in all educational matters and would make an ideal state superintendent of public instruction.—(H. A. Summers in the Elizabethtown News.)

Prof. Hamlett possesses all the qualifications to make the state an ideal superintendent.—(Cadiz Record.)

### The Man of the Hour.

As he is seen by the Ballard County Yeoman:

"The most casual reader can see in him the man of the hour, the man in whom all people of all parties can graciously unite and work for. His whole life, his every ener-

gy, his wonderful brain power are wrapped in this, the greatest work to be done in Kentucky. Though yet young, he is undoubtedly the best equipped man for this office the state has ever produced."

### Determination and Success in His Face

A young man who seems to have an ambition to accomplish something worth while in the educational field, and judging from that determined expression in his frank open countenance, he is going to succeed in the undertaking.—(Daily Bulletin, Maysville.)

### A Worthy and Competent Leader.

His work at Hopkinsville is a monument to his ability as a school worker and organizer. He is abundantly qualified for the high office which he seeks, and his broad platform embraces the very best in educational endeavor. He is a worthy man in every respect, having worked himself up from a poor boy. Already he has pledged to him almost the solid vote of the teachers of the state, and all interested in the improvement and advancement of Kentucky's educational facilities, see in him a worthy and competent leader for the accomplishment of those things.—(Hartford Herald.)

### Successful in Great Undertakings.

He is eminently qualified for the position which he seeks, and his record as an educator has been one of uninterrupted success. It is due to him that the handsome new Christian county and Hopkinsville high school is now a permanent reality, having been erected under the Sullivan law, at a cost of \$100,000.—(The News-Democrat, Paducah.)

### Right Man in the Right Place.

We believe as state superintendent of public instruction, he would be the right man in the right place.—(Calloway County Gazette.)

Mr. Hamlett believes in the equalization of opportunities, and his greatest wish in his work is to make opportunity knock at the home of every school child in Kentucky. We like Mr. Hamlett, and unlike most politicians he improves on acquaintance. In fact, he is not a politician, he is a school man who is well equipped for the office.—(The Breckinridge News, Cloverport.)

### Making a Fine Race.

His fine sense of initiative ability and capacity stands upon a platform that neither trims nor tergiversates; that begs no question nor evades a single issue. Mr. Hamlett, a man of individuality and ability, an educator and orator, is conceded to be the logical man for the place and is endorsed by leading educators and the press. Prof. Hamlett is out for the Democratic nomination and is making a vigorous canvass; he stands for progression and has the unequalled endorsement of his home people.

He has the credentials of a sturdy Democrat and bears the highest qualifications of an ideal superintendent.

Eminently qualified for the position sought, we believe him to be "the man" for superintendent of our state schools.

Prof. Hamlett is a strong friend to the cause of advanced education and believes in a square deal from the smallest district to the most progressive city in the country. He is a friend to the common schools of the state, is a clean, sound and energetic teacher who has all the elements of success in his make-up and is a man in every way capable of making an officer of whom the whole state would be justly proud.

It is hoped that Mr. Hamlett will have no opposition before the Democratic primary, for he is so thoroughly Democratic and clean in his views, so well equipped from all angles, that antagonism would be almost unjustifiable.

Mr. Hamlett has given a good account of himself, and his work at Hopkinsville is a monument to his ability as a school worker and organizer. He has made more than good there and can make good at the head of Kentucky's school affairs. If you want to know what Barksdale Hamlett stands for, just follow carefully the creed of the man as promulgated by himself.—(Henderson Journal.)

### In the Lead.

Barksdale Hamlett, of Hopkinsville, continues in the lead for the Democratic nomination for Superintendent of Schools. His superior qualifications for the office give him a decided advantage over both his opponents, who are not active school men. The people of the State are awakening to the fact that to elect a lawyer to the agricultural department or a farmer to the superintendency of schools would be sheer folly, and they are lining up in this section at least for Mr. Hamlett mainly because he is an eminent, active educator and has made a success in his chosen line of work.—(The Somerset Journal.)

### Captured Famous Peg Leg.

Of all the innumerable relics on exhibition in the Illinois Memorial hall in the State house, none attracts more attention from tourists than the cork leg of Gen. Santa Anna, the Mexican commander, who was captured by a company of central Illinois soldiers. The finding of the cork leg was one of the most interesting incidents of the Mexican war. An extraordinary fact recently brought to light by investigations conducted by the McLean county historical society, is that the soldier who first caught sight of the leg took possession of it and sent it to the rear for safe keeping while a battle was in progress, is yet living in the person of Edward Elvin Elliott, formerly of Bloomington, Ill., and now of San Rafael, Cal.

In a letter confirming the statement that he was the captor of the cork leg, Mr. Elliott relates the incident connected therewith, the story being of interest to the student of history. Mr. Elliott states that he enlisted in Company B of the Fourth Illinois Infantry when war was declared with Mexico. He left the printer's case to take up arms. The first engagement of consequence for the regiment of which Mr. Elliott was a member was known as the battle of Cerro Gorda, April 18th, 1847. The Mexicans retreated when their batteries were attacked and the Fourth regiment coming up found the coach of General Santa Anna standing in the road where it had been abandoned, due to the killing of one of the mules hitched to it.

General Santa Anna was mounted upon the other mule and fled. His departure was so hurried that he was forced to leave behind in the coach his cork leg, a bag of gold doubloons and a basket of lunch. Elliott reached the coach first and with a soldier's curiosity jumped inside, handing out the cork leg, the chest of gold and basket of food to his companions.

There was \$10,000 in the chest and this money was placed in the possession of Gen. Twiggs and eventually turned into the U. S. Treasury as a prize of war. The Fourth regiment kept the cork leg until after the close of the war and it was later sent to the Illinois State house.—Masonic Home Journal.

Grand Master Burnam announces the appointment of Tuesday, June 27th, as the day on which he will dedicate the new building of the Old Mason's Home at Shelbyville, Ky. Everyone who can possibly attend ought to do so, the masons of Shelbyville will do all possible to arrange for the comfort of the visitors.

A Masonic pin was found recently on Market St., between Brook and First. It is of the usual kind with square, compasses and letter G and is very pretty. It has a name on it, but the name does not appear in the 1910 roster of the Louisville Lodges. The initials of the name are W. N. H. Further information will be given on inquiry at the office of the Home Journal.

The St. John's Day League is making extraordinary efforts to succeed in turning over a large sum to the proposed St. John's Hospital fund. The members of the League are sacrificing their business interests and devoting their time, labor and money freely for this excellent work. Those Masons who haven't time to help in any other way are cordially "expected" to be present at Fontaine Ferry on St. John's Day and sacrifice some of their money.

# ANNOUNCEMENTS.

## FOR REPRESENTATIVE.

We are authorized to announce **GEORGE P. DYER**, of Wolf county, as a candidate for the Democratic nomination for Representative from the 91st Legislative District of Kentucky, subject to the action of the Democratic primary to be held July 1, 1911.

We are authorized to announce **I. N. HORTON**, of Wolf county, as a candidate for the Democratic nomination for Representative from the 91st Legislative District of Kentucky, subject to the action of the Democratic primary to be held July 1, 1911.

We are authorized to announce **A. HOWARD STAMPER**, of Wolf county, as a candidate for the Democratic nomination for Representative from the 91st Legislative District of Kentucky, subject to the action of the Democratic primary to be held July 1, 1911.

The withdrawal of Joseph Clay Van Meter from the race for the nomination for State Treasurer was a great surprise to his friends throughout the state and especially in Eastern Kentucky where he was very favorably known.

The Hon. J. Proctor Knott, governor of Kentucky from 1883 to 1887, and five times congressman from this State, died in Lebanon the 18th, inst., after a long illness.

Circuit court begins Monday. Wonder if there will be any "investigation concerning vote selling?"

Let the Court get busy in this direction and there won't be any necessity for raising a big campaign fund this fall.

A little less theory and a little more practice among certain things would help a dum sight to bring about certain needed reforms in our social system just now.

## B. S. Wilson for Representative.

Some one in the political bull ring has waived a red bandanna and Hon. B. S. Wilson, of Morehead, has accepted the challenge and announced his candidacy for Representative from the Bath-Rowan district, and it is a safe bet that after Bun has made his charge and the dust has cleared away the quivering form of the Matorador, unless he be the hero of many a fight before, will be found lying prone, gored beyond recognition.

The right man in the right place—go after them judge and win.

Rah for Wilson!

## Morgan County Honored Through Two of Her Citizens.

At an organization of the Kentucky Mining Institute held at Lexington recently, two citizens of Morgan county were elected to of-

fices in the organization, the importance of which reflects honor upon themselves and credit upon the county from which they hail.

M. L. Conley, of Cannel City, was elected Treasurer and member of the Executive Committee, and S. R. Collier, of West Liberty, was elected Vice President and Chairman of any local organization that may be formed in his district.

The wisdom of the meeting in selecting these two gentlemen to these important positions is apparent. They are both too well and favorably known to need any eulogy from us. Their knowledge of mining and minerology will be of incalculable benefit to the mining interests and development of the Kentucky and Licking river districts and it is the duty of every progressive citizen of Morgan county to get behind them in their every effort to develop our natural resources.

You don't know how much good it does us to see a man walk into our office with his hand in his pocket and a smile on his face.

His hand in his pocket, to some, might be suggestive of a gun, but the smile dispels the idea, and besides we are naturally optimistic. We want to believe that every man who owes us will pay us, and if they only knew how we would appreciate it they surely would.

Walk in gentlemen with a smile on your face and your hand in your pocket.

Isn't it an awful crime to get caught? Yes, so terrible that in order to keep from getting caught a greater crime is often committed.

How about you christian soldier? Are you fighting real sin or are you only rending the atmosphere swatting at the shadow? Or have ever taken time to seriously study the difference?

There's a dividing line some where between substance and shadow, even of sin.

The world is waking up—will you continue to sleep?

The State primary is drawing near and many voters have not yet made up their minds for whom they will vote in certain races. In fact a large per cent. of the voters do not know who are candidates for the various State offices and will have to be told on election day.

Too much peanut politics and too many goods box politicians are not best for the country, but it is the duty of every voter to study, as best he can, the character and fitness of the men who aspire to serve the dear people in official capacity and vote for best interest of the whole people.

It seems that some of the candidates for Representative from the Morgan-Wolf District usurped the power and authority of County Chairmen and Precinct Committeemen in regard to letting the contract for printing the ballots for the coming primary.

Suppose if they get elected they will scrub their own linen and live on cheese and crackers while attending the legislature. That would be in keeping with their idea of economy as expressed in their actions in regard to letting the printing contract. This way of economizing can't advance them one step nearer the State capitol.

Mr. W. B. Caraway, who has long been connected with newspapers in Morgan county, has retired from the business on the account of his health, which we regret very much.

Wallace, as he was familiarly known, was raised in a printing office and had become an expert in all lines of work connected with a country newspaper. He was well known throughout Morgan and adjoining counties and will be missed by his newspaper friends.

Mr. Caraway's place will be filled by Mr. Oscar Swift, of Morehead, an experienced printer and all round newspaper man, who has served, not only on country weeklies but also on metropolitan dailies, and he will take up the work left off Mr. Caraway and the Courier will continue to do business at the same old stand.

## My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

## WINCHESTER

### Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

# LOMBARD PIANOS

## Praised by Press and Pulpit

No Piano has ever been more enthusiastically endorsed. The Artistic Case, the Easy, Responsive Action, and above all the deep, sweet, rich Tone, captivates performer and listener. The united verdict is that . . . . .

## LOMBARD PIANOS ARE THE BEST IN THE WORLD !!

Mrs. Helen M. Slater, 244 Grand Ave., Aurora, Ill., says: "I cannot find words in the English language to express my appreciation to you for having sold me such a beautiful instrument. I really think it is the most beautiful case I ever saw, and the tone is simply grand. I shall be glad to give you any testimonial, as I think the Lombard should take the lead."

Rev. Geo. Douthett, Pres. Corpus Christi College, Gatesburg, Ill., says: "We are using the Lombard in our College work at Corpus Christi and it is a pleasure to recommend it. It is a beautiful instrument with a deep, sweet, rich tone."

J. W. Parviance, Editor McNairy County Independent, Seimer, Tenn., says: "The instrument (Lombard Piano) fills our most sanguine expectations. It is not only a rare beauty in its outward finish, but the tone is round, full, rich and sweet. Your firm has proven to be prompt and reliable in its dealings with me."

J. Ernest Paxson, Editor Press, Parkersburg, Pa., says: "I must say that the Lombard sent me is a beautiful instrument, and a credit to a standard firm. We are more than satisfied."

R. S. Knapp, President Federal Charter Co., Washington, D. C., says: "We now realize after a careful and comprehensive trial of the Lombard by many musical artists of Washington, that it stands second to none, regardless of price or make. Every one who has tried this instrument is enthusiastic in its praise."

These are samples of hundreds of enthusiastic letters received in every mail.

**County Organizer and Manager Wanted.**

A leading Fraternal Insurance Order desires a reliable white  
man to take charge of its work in this County—to introduce the  
Order—solicit Members—collect monthly dues—organize lodges—  
appoint and manage sub-agents and so on.

No previous experience is needed, as we will teach you how to  
operate. This is a splendid opportunity for a good man, with lib-  
eral pay and chance of promotion.

Devote spare time at start, with whole time later on.  
Well known man wanted, strictly honest, good ability, one  
who is a hustler and will get out and push the work forward.

This is a great chance to become an influential leader, to help  
your fellow man and make a good income for yourself at the same  
time.

This Society pays benefits for sickness, accident and death.  
The lodges have grand ritualistic work, strictly new and up-to-date  
in every particular.

No other Order like it was ever started. Over 65,000 member-  
ships already issued and growing very fast.

Write immediately for further particulars, giving full informa-  
tion of yourself in letter. Address in confidence,  
Supreme Commander General, Box AB293 Covington, Ky.
